said he didn't really have a group size limit. I spoke of about 15, just to put a number to it, but he seemed to be able and willing to accommodate more than that.

It will definitely be a long day and will run after hours. For me, on a perfect day, it can take over **Ex. 6 Personal Privacy (PP)**
Ex. 6 Personal Privacy (PP) That said, it looks like a great opportunity.

We should find out, too, how many people can be accommodated.

Ksenija,

Ex. 6 Personal Privacy (PP) and the most technologically advanced recycled rubber processing and manufacturing facility in the world. It will take a minimum of 1-1 ½ hours to tour. Our playground surfacing operation is in Ex. 6 Personal Privacy (PP). If you want to visit both, I suggest at least 1 hour for Ex. 6 Personal Privacy (PP) and 1 hour for Ex. 6 Personal Privacy (PP). We also have an EPDM manufacturing operation in Ex. 6 Personal Privacy (PP) which may be of interest as well. It is approx. a Ex. 6 Personal Privacy (PP) from our Ex. 6 Personal Privacy (PP) to our Ex. 6 Personal Privacy (PP) operations.

Let me know.

Thanks

Hi Ex. 6 Personal Privacy (PP)

I am setting up the Doodle poll to lock in the date for our tour of your facility, but I did want to check a couple of more things with you. How much time should we budget; do you think that 10:30 – 12:00 is enough? Also, does the same Ex. 6 Personal Privacy (PP) make playground material?

Thank you and all the best,
Ksenija
